PEOPLE ASK LOWER TOLL AT ORMOND

PETITIONERS SEEKING RELIEF
THROUGH THE COUNTY BOARD

WANT TOLL RATE CUT DOWN
AND PRIVILEGE OF PURCHAS-
ING TICKET BOOKS AT THE
TOLL HOUSE.

That the people living in the vi-
cinity of Ormond, as well as all
others who have occasion to use the
Ormond bridge frequently, have
grown tired of the independent at-
titude of the Florida East Coast
Railway company and the high-
handed manner in which the company
is "accepting" the people's money
for use of the bridge, is shown by a
petition presented to the board of
county commissioners this week.

Recently the railway company has
done away with the sale of ticket
books, which brought the toll price
down to a level with the Daytona
bridges, and within a reasonable rate
for the residents, the farmers and
others living on the peninsula, and
is now issuing but one form of
ticket books. These books have 40
tickets and are sold for one dollar,
but the company refuses to permit
the bridge tender to sell the books
and every person who wishes to pur-
chase such a book must go to the
railroad station for this purpose.

The petition presented to the
county board asks that a reasonable
toll rate be established by the com-
missioners, but the only action taken
by the county board was one by
which the railway company will be
asked to have all forms of toll tick-
ets on sale at the toll house on the
bridge, to relieve the people from the
trouble of going to the railroad sta-
tion to make such purchases.

From the sentiment expressed at
the board meeting it is possible
some action may be taken later to
compel the railway company to make
a reasonable rate for the people who
are compelled to use the bridge fre-
quently.

COLDEST WEATHER OF WINTER AROUND THE GREAT LAKES

PREDICTIONS ARE COLD WILL
CONTINUE AND THERE IS
MUCH SUFFERING AMONG THE
POOR PEOPLE.

CHICAGO, Feb. 5 — Zero weather
and below temperatures prevail in
this section, as well as all over the
northwest and in the Mississippi
river valley today. The predictions
are the cold will continue.

Coldest at Cleveland—
CLEVELAND, Feb. 5 — This sec-
tion of the country is today suffer-
ing the coldest weather of the win-
ter. The mercury stands at two
above zero and there is much suf-
fering among the poor people.

LYNCH OUT OF RACE FOR ASSESSOR

WITHDRAWS HIS PETITION
FILED WITH THE CITY CLERK

SOME INTEREST BEING STIRRED
UP IN ELECTION FOR CITY OF-
FICERS, WHICH WILL BE HELD
SOON.

After filing his petition as a can-
didate for the office of city assessor
in the coming election, J. L. Lynch
Tuesday filed with the city clerk
a written withdrawal from the race
and he will not be a candidate for
the office at this election.

This action leaves but two candi-
dates for assessor, George F. Crouch
and D. F. Randolph, present incum-
bent.

City politics are beginning to hum
louder as the date for the annual
election draws nearer and indications
are the remaining few days will see
some lively times among the candi-
dates working to be returned victors
in the balloting.

The registration list of the city
shows a total of 315 voters qualified
to cast their ballots in the election
next Wednesday and it is expected
that the whole qualified vote will be
cast for the various city officers.

BETS MADE ON OUTCOME OF THE BEACH TRIAL AT AIKEN

SPORTY RESIDENTS OF WINTER
COLONY LAYING WAGERS MAN
WILL BE ACQUITTED BEFORE
NIGHT.

AIKEN, S. C., Feb. 5—The sporty
residents of the fashionable winter
colony here are laying wagers today
that Frederick Beach, now on trial
on a charge of slaying his wife,
will be acquitted before night.

Mr. Beach and his wife came
into the court room arm in arm
this morning, nodding pleasantly to
their acquaintances. Mrs. Beach is
expected to testify this afternoon
that she was attacked by a negro
and that her husband rescued her.

At 1:30 o'clock this afternoon the
prosecution rested its case and the
court took a recess. Indications are
the case may go over until tomorrow.
The general opinion is that the pro-
secution has presented a weak case.

MASS MEETING WILL BE HELD IN PUBLIC SCHOOL AUDITORIUM

CALL FOR TOMORROW NIGHT TO
HEAR REPORTS OF MOSQUITO
INLET IMPROVEMENT DELE-
GATES.

Rev. D. H. Rutter returned this
morning from Washington, D. C.,
where he had been for ten days past
as a delegate from the Daytona board
of trade, in company with Judge
Charles E. Barrett and H. I. Ham-
ilton, delegates from New Smyrna,
in the interest of the improvement
of Mosquito inlet. Mr. Rutter
feels very much elated over the
prospects of the proposed improve-
ment and in fact feels assured it
can be secured by properly directed
and persistent effort.

Mr. Rutter will present his report
at a mass meeting to be held at 8
o'clock tomorrow evening in the
auditorium of the public school build-
ing at which time Judge Barrett and
Mr. Hamilton will be present and
address the meeting on this subject,
which is one of great importance to
not only this section but all middle
Florida as well. It is hoped to have
citizens present from the various
towns and cities in the district which
will be benefited by the opening of
the inlet and Daytona and vicinity
should be well represented at the
meeting.

PENNSYLVANIA HOUSE FAVORS VOTES FOR WOMEN IN STATE

PASSES RESOLUTION FOR AN
AMENDMENT TO CONSTITUTION
BUT FIGHT IS EXPECTED IN

MIAMI WOMAN KILLED TODAY BY HOT SPRINGS POLITICIAN

TRAGEDY RESULTS FROM LOV-
ERS' QUARREL AND MAN AT-
TEMPTS TO FOLLOW THE
WOMAN IN DEATH.

HOT SPRINGS, Ark., Feb. 5—Mrs.
W. D. Wellborn, wife of a wealthy
real estate man of Miami, Fla., was
shot and killed today by Benjamin
Woolman, prominent in political cir-
cles here. The man fired three
bullets into the woman's body.

Woolman then attempted to
commit suicide, but it is believed by
physicians he will recover. It is
said the tragedy was caused by a
lovers' quarrel. An eye-witness says
the woman was advancing on Wool-
man with a hatchet when he fired.

Dr. S. P. Leland will give the
first of a series of lectures for the
Tourist bible class of the Daytona
Beach Methodist church in the
church tomorrow night.

WANT TENDER FOR THE SMITH CREEK BRIDGE

COUNTY AND CANAL COMPANY
TRYING TO REACH AGREEMENT

MR. KNOX OFFERS SITE FOR
HOUSE IF COUNTY AND COMPA-
NY WILL PAY THE OTHER EX-
PENSES.

That the East Coast Canal compan-
desired to have a bridge tender sta-
tioned at the Smith creek bridge to
open the draw for all boats as a pro-
tection for the boats, and that the
board of county commissioners de-
sires a bridge tender there as a pro-
tection to the bridge, is shown by a
matter considered by the board of
county commissioners at the regular
meeting in DeLand Monday night.

The matter had been previously con-
sidered by both the board of com-
missioners and the canal company
and a communication to the board
from Geo. F. Miles, vice president of
the canal company, was read, asking
that the county board make a propo-
sition to the company and that the
proposition would be considered.

L. B. Knox, of Beed, Knox & Bee,
has offered to donate a site for a
bridge tender's home if the canal
company and the county will build the
home and pay the tender's wages.
The board's attorney was instructed
to write the canal company, making
a proposition for the canal company
and county to share such expense,
half and half.

ARMISTICE CALLED AT ADRIANOPOLE

BULGARIANS AND TURKS IN
CONFERENCE OVER SURRENDER

IF TURKEY REFUSES TO SUR-
RENDER THE CITY A GRAND
ASSAULT WILL BE MADE BY
THE ALLIES TOMORROW.

SOFIA, Feb. 5—The Turks have
refused to surrender and the bom-
bardment of Adrianople was begun
late this afternoon.

LONDON, Feb. 25—An armistice
was granted last night around
Adrianople while the Bulgarians and
Turks parleyed over the demand of
the Bulgarians for the surrender of
the city.

If the Turks refuse to consent to
a surrender a grand assault will be
made by the combined armies on the
city tomorrow. In a cold, sleety
rain the artillery is today moving
closer to the city. It is estimated
the allies now have 1,000,000 troops
in the field.

Bloody Battle Fought—
CONSTANTINOPLE, Feb. 5 — A
bloody battle between the Turks and
Bulgarians was fought in a heavy
rain today at Gallipole, at the west-
ern end of the Dardanelles.
Hundreds have been killed and
wounded in the battle.

THE DAILY MARKET REPORT.

NEW YORK, Feb. 5 — Stocks
opened weak and at fractions lower
today. Interborough was one and
American Can two down. Cotton op-
ened steady at one to two higher.
Fables were fairly good and there
was some spot buying. March was
quoted at \$12.33 and May at \$12.14.

The Chicago Markets—
CHICAGO, Feb. 5 — May wheat,
\$1.15; May pork, \$19.45; lard, \$10.40;
ribs, \$19.40; hogs five to ten higher,
and cattle steady.

SUFFRAGETTES TO MAKE A HELL OUT OF LONDON.

LONDON, Feb. 5—Sylvia Panke-
hurst and her daughter, both violent
suffragettes, were today sentenced
to 14 days imprisonment. To every
question at the trial she shrieked the
answer, "Votes for women." During
the trial one woman yelled, "We will
make London hell if the government
doesn't give us votes."

WILSON WILL ANNOUNCE CABINET MARCH THIRD.

TRENTON, N. J., Feb. 5 — Presi-
dent-elect Wilson said this afternoon
he would not announce the names of
the members of his cabinet until the
eve of inauguration. The candidacy
of Charles Barrett of Union City,
Georgia, president of the Farmers'
union, is being strongly supported
from all parts of the country for the
position of secretary of agriculture.

CHINAMAN WAS TOO CUTE

Suspicious of Wedding Cake Sent Him by Englishman Who Owed Him Money.

An Englishman who was appointed to an important post in China got married soon after. Among the recipients of the usual little card boxes containing a piece of wedding cake was a Chinese merchant with whom the bridegroom had an outstanding account for goods supplied.

After the honeymoon, one of the first persons the newly wedded husband met was his Celestial creditor. "And how did you like the cake?" said the Englishman, laughing, after the usual congratulations.

"Ah, ah," returned the Chinaman, with a cunning leer, "me no such big fool to eat him, sah. Me put cake in fire. Burn him up. He, he!"

"Oh, that's too bad," said the Englishman, very much hurt. "You might have tasted it, at least, out of compliment to my wife and myself. Why didn't you?"

"Me too cute, sah," said the Celestial, with the same winning smile. "You owe me money, sah; sendee pot-son cake; I eat him; I die; you no payee up. Houpla! He, he, he! I know you Inglesah!"

A MAN YOU KNOW.

E. B. PUTNAM

Mr. Putnam is a well known lumberman in St. Paul, Minn., and a winter resident of Seabreeze.

Wife Wins, as Usual.

"Of course, one can never win an argument with one's wife," remarked a broker the other day. "Even if one is perfectly right in his contention, the facts, or the postoffice department or something else will turn up to make it appear that the man is wrong. For instance, a few days ago my wife remarked that a letter in a plain envelope dropped in a letter box would be delivered even if it had no stamp. Of course I knew better, and told her so, but she was obstinate. Just to prove my contention when I was at the office the next day I drew a picture of a goose on a sheet of paper. Underneath the likeness I wrote: 'Dear Madam: If you pay two cents to get this you are a goose.' I put the sheet in a plain envelope and addressed it to my wife. The next morning the doorbell rang furiously while I was still in bed. I waited for the wife or the maid to respond, but both had gone out. Finally I went to the door myself. There was a fool letter carrier with that crazy letter, and I had to dig down and pay the two cents postage due. If I had given the letter to my wife she would have been still more firmly convinced that she was right."

And Then Silence.

Mr. Grump (with newspaper).—"Here's an odd case—a woman marries one man, thinking he is another." Mrs. Grump—"What's odd about that? Women are doing that all the time."

The finest resort hotel in the world is being built at Sunset Mountain Asheville, N. C.

Absolutely Fireproof
 Will open July 1st

Wm. S. KENNEY, manager

MR. E. W. GROVE, of St. Louis, Mo., is building the finest resort hotel in the world, to be opened July 1st, 1913. It will be absolutely fireproof, and is being built of the great boulders of Sunset Mountain, at whose foot it sits. It is being built by hand in the old-fashioned way. Full of rest and comfort and wholesomeness.

¶ The front lawn is the hundred-acre eighteen-hole golf links of the Asheville Country Club, and with it sixty acres of our own lawn.

¶ The purest water obtainable anywhere, piped seventeen miles, from the slopes of Mount Mitchell, over 6000 feet altitude. Biltmore milk and cream exclusively, supplied from 200 registered Jerseys on the estate of Mr. Geo. W. Vanderbilt. It is doubtful if this famous dairy is equaled in the world.

¶ Four hundred one-piece rugs are being made at Aubusson, France. Seven hundred pieces of the furniture are being made by hand by the Roycrofters. The silver will be hand-hammered.

¶ The plumbing material will be the finest that has ever been placed in any hotel in the world. The soil pipe has been hydraulically tested and then galvanized. The hot water pipe, 18,000 lbs. in weight, will be solid brass. The steam pipes are Byers' genuine lap-welded wrought iron tested hydraulically to 1000 lbs. The bathtubs and fixtures all solid porcelain. No pipes visible anywhere. No radiators to be seen—all placed in recesses under windows. No electric bulbs to be seen.

¶ The "Big Room," or what some call the lobby, is 80 feet by 120, and the rugs in this one room will be worth \$5000.00. The two great fire places in it will burn twelve-foot logs.

¶ For the golfers we are building lockers and shower bath rooms with a forty-foot swimming pool that will not be excelled by the finest clubs in existence, and the players will be less than 100 yards distant when they are on the links.

¶ Mr. Wm. S. Kenney, of Bretton Woods, N. H., who has shown in his management of The Mount Washington hotel and Hotel Clarendon, that he is the peer of hotel keepers, will manage the Inn.

¶ We own eight hundred acres around the Inn (consumptives not taken).

¶ Especially available for northern guests in the Spring, Fall and Winter, going or returning from farther southern resorts, or for an all Winter resort.

¶ The Inn is located on the side of Sunset Mountain, about a mile from the top, and is not only cool enough in the Summer to make a blanket necessary at night, but is protected and mild enough in the Winter to make life enjoyable without enervation.

LETTERS FROM THE PEOPLE.

Mr. Reed Likes Daytona.

Editor Daily News:—
How many of our tourists have ever visited the school building? It has the best auditorium in the city and in it the band plays each Friday afternoon. The school building would be a credit to a much larger city.

As a winter resident for 15 years I feel under obligations to the year-round residents for keeping Daytona Beach and Seabreeze up in such good shape to make it pleasant for us who stay only half the year or less. This winter Daytona has given us a most excellent band of 15 pieces and has furnished seats in the open at a cost of over \$500—almost \$4,000 in this line to make us happy. Surely this is no "two-for-a-cent" people.

Occasionally there is a kicker—as there always is in every place—but any one half reasonable can but appreciate what is done for us.

And we have very courteous merchants to deal with. Many do not realize it is a very different proposition to sell goods where most of the customers are here only part of the year. All classes of stock depreciate rapidly in this climate and business cannot be done on the same margin of profit as in the north, or where the trade is constant the year round. After an experience of over two score years in merchandising I am surprised that goods are sold as low as here. Who knows of any merchant here who has become a bleated bondholder?

Some are wanting liquors sold in the hotels. Open the sale and there will be a lot of us who will sell out as soon as possible. I have not seen a drunken man here in the past 17 winters. Furnish liquors to our colored population and others and our progress will cease. I am so crank to dictate what one should drink or eat. The open saloon is a menace to good order, and it is now only too easy for one to get liquors. A hotel bar is the worst one in existence—much worse than the low dive. It takes the best of our young men—the dive mostly those who are already on the down road.

Those using gas from the new gas works say the quality is fine. We

will rejoice when it reaches the other side of the river.

The "President winter resort in the world." Why? First, our beautiful city, then Ridgewood avenue. I have seen the handiwork of the world—Euclid, in Cleveland; the Elms, in New Haven and other fine avenues in our own land and those in Paris, but none can equal the natural beauty of our Ridgewood. Then the ocean beach, unequalled on earth.

But there is not room in the Daily News for half there is to say. How many realize that from 1900 to 1909 inches of new matter is set for each number of the Daily News?

The winter began making newspapers 42 years ago, and here's our hand, Ben Fitzgerald, on a big daily for a small town.

WM. B. REED.

FUNERAL OF CAPT. JOHN GARDNER HELD TODAY.

Funeral services were held this afternoon at 1 o'clock at the Congregational church, over the remains of Capt. John Gardner, whose death occurred yesterday afternoon at one of the local hospitals, following an operation.

The services were conducted by Rev. Dr. B. F. Marsh, pastor of the Congregational church, and following the service the body was taken to Ponce Park, on board the Seabreeze, for interment at that place beside the remains of his wife, who died about four years ago.

Capt. Gardner was one of the early settlers of this section, coming to the coast from Marion county many years ago. He resided at Ponce Park prior to coming to Daytona, but for a number of years has owned and occupied a home on South Ridgewood avenue. He is survived by three sons and four daughters, who were with him in his last illness.

Capt. Gardner was a man of kindly disposition, well known throughout this section. He was a close friend of Capt. W. Leon Vann, who recently preceded him to the Great Beyond, and his death makes another vacancy among the boatmen of the East Coast waters.

Real Cause of Quarrel.

The people we dislike and avoid are no more sinners than we are ourselves. Our quarrel is often with their manners, opinions, tempera, rather than with their actual deeds.—Mrs. Alfred Sidgwick.

THE ANNUAL BAZAAR AND VALENTINE SALE A SUCCESS.

The annual bazaar and valentine sale given by the ladies of St. Mary's guild at the guild hall on Orange avenue, Tuesday afternoon and evening, proved a great success notwithstanding the inclement weather which prevailed.

The hall was decorated with bamboo and the tables, particularly the valentine and candy tables, were bright with flowers and other decorations. There were many beautiful articles displayed on the fancy work table, and useful as well as ornamental on the domestic table.

Mrs. L. A. Balcom, president of the guild, was in general supervision of the entertainment. The fancy work table was in charge of Mrs. M. L. Stanley, assisted by Mrs. Babidge. The domestic table in charge of Mrs. J. E. Thompson, assisted by Mrs. E. B. Putnam and Mrs. Robert Gordon. Mrs. Jennie Adams made an excellent fortune teller and presided charmingly over the pretty booth arranged in one corner of the hall. Mrs. J. H. Niver was in charge of the cake table, having for her assistants Mrs. E. M. Lockrow, Mrs. E. W. Greene and Miss P. A. Ring. The candy table was in charge of Mrs. Celeste Hinks, assisted by Mrs. J. B. Wilson and Mrs. Wm. A. Rouby. The valentine table was in charge of Mrs. Charles E. Gardiner, assisted by Mrs. Clementine Roberts and Mrs. F. E. Sheppard. Mrs. Hinks and some of the other ladies looked after the pancakes which are always a special feature of this annual entertainment. The ice cream was served by Mrs. W. H. Heath, assisted by Mrs. C. S. Harris, while Mrs. W. M. Shaffner presided over the tea and coffee. The young ladies of the Friendly society and members of the choir assisted in waiting upon the tables.

Woman's Sense of Honor.

Much has been done by our own higher education and widening field of work, and a woman now despises what used to be by reputation her most formidable weapons—a lie, tears and a skillful appeal to the vanity of man. The writer has often noticed the markedly greater breadth of view and the truer sense of honor among the present-day girl students compared with that which obtained when she herself was a student, and which is still largely that of women of her own age today. An even more striking fact is that the majority of men do not seem to expect as keen a sense of honor from women as they do from themselves. This mental atmosphere has surely a deterrent effect upon the growth of that sense.—A Woman Teacher, in London Spectator.

His Many Titles.

The old caretaker of an Episcopal church, as he sat on a tombstone in the churchyard, dismissed as trivial the question of his proper title. "The good old creed keeps the same for all," he said, "though they may change the words they use. Look at me: here I used to be the janitor. Then we had a person who called me the sexton. Dr. Thidly gave me the name of virgin. And the young man we've got now says I'm the sacrileg."

War in the Air.

A strange drama of bird life was witnessed recently by some Portland fishermen on the south coast of England. A homing pigeon was attacked by a large hawk, when two rooks and a seagull joined forces and attempted to deprive the hawk of its prey. The fight lasted some five minutes when the hawk, tearing the pigeon's head from its body, let the latter fall and flew away.

Why She Is Silent.

It is said that women nowadays are less prone than men to weary those they meet with long discourses upon their favorite hobbies, and that furthermore, the beauty doctor is responsible for this feminine peculiarity. The woman absorbed in beauty culture has little time for any other hobby, and the secrets of the toilet are not such as can be discussed with all and sundry.

Laugh and Grow Fat.

Democritus, who was always laughing, lived one hundred and nine years; Heraclitus, who never ceased crying, only sixty. Laughing, then, is best, and to laugh at another is perfectly justifiable, since we are told that the gods themselves, though they made us as they pleased, cannot help laughing at us.

Declined With Thanks.

Mistress of the House (widow)—"Well, Johnson, of course I'm very sorry to lose you, at the same time I must congratulate you on your good fortune in having this money left you. (Weasently) I suppose you'll be looking out for a wife now." Johnson—"Well, mum, beggin' your pardon, and I'm sure I feel greatly honored at what you propose, but—er—I am engaged to a young woman already."—Grip.

POINTS WORTH VISITING**

OCEAN BEACH—excellent motoring north for 10 miles and south 15 miles to Mosquito inlet and the Government lighthouse at Ponce Park. The beach is the most magnificent in the world.

BEED, KNOX & BEED ORANGE GROVE—18 miles, via Ormond, is one of the largest groves in Volusia county and is well worth seeing; can be reached by motor over fairly good road; can also be reached by boat.

NUMBER NINE ORANGE GROVE—a large grove, passed on the way to the Beed, Knox & Beed grove, is 12 miles from Daytona.

NEW SMYRNA—16 miles from Daytona, over an excellent hard surface road; this drive is said to be the prettiest in the state. At New Smyrna are the ruins of an ancient fort and other historical spots, left by the colony of Andrew Turnbull.

OLD SPANISH MISSION—2 miles west of New Smyrna, reached by motor over good road. This mission is without authentic history but by many it is contended that this is the church built by Columbus on his second voyage to America. The altar is still extant, but at a later date the building was used as a sugar mill.

SPANISH SUGAR MILL—2 miles west of Port Orange and about 8 miles from Daytona; the machinery is still in a good state of preservation, although the mill is presumed to have been built and operated by the early Spanish settlers.

GOVERNMENT LIGHTHOUSE—a Ponce Park, 12 miles from Daytona is reached by boat or by motor on the ocean beach.

MAMMOTH TREE—4 miles from Daytona; an abnormally large tree; reached by motor over hard-surfaced road.

DELAND—25 miles from Daytona; the county seat of Volusia county and seat of John B. Stetson university; a very picturesque city; reached by motor over hard-surfaced road.

TOMOKA RIVER—The scenic stream of Florida; reached by excursion boats which leave Daytona daily and run to the navigable head of the stream, 26 miles from the city. Generally a number of alligators may be seen in their native haunts. This is a trip no tourist should miss.

DELEON SPRINGS, 28 miles from Daytona; a mammoth spring that throws out thousands of gallons of water a minute; a delightful bathing pool, and picturesque scenery. Spring is situated in an old plantation. Reached by motor over good road; a nice trip for a picnic party.

OAK HILL—hamlet, 10 miles south of New Smyrna; several orange groves in the locality; reached by motor over hard-surfaced road.

ORMOND—six miles from Daytona; here is located the Ormond hotel and a pretty town; nearby are the ruins of Spanish sugar mills.

TURTLE MOUND—26 miles south of Daytona; reached by boat; a mammoth mound of oyster shells supposed to have been left by a prehistoric race of people. Pottery and other antiquities have been discovered in excavating the shell.

PORT ORANGE—an attractive town 6 miles south of Daytona, can be reached by motor over hard-surfaced road; or the trip one way may be made by the road and crossing the Halifax river on the Port Orange bridge, the return can be made on the ocean beach.

CLARENDON GOLF LINKS—2 miles from Daytona and immediately north of the Hotel Clarendon at Seabreeze; the links are now in good condition. The Hotel Clarendon bears the distinction of being the only fireproof winter tourist hotel in the world.

GENERALLY, you may motor in any direction from Daytona and find places and objects of interest which your driver can explain to you; there are many by-roads through the sylvan vegetation that a visitor will greatly enjoy.

The heavy shower which fell in this city Tuesday afternoon did not extend as far northward as Holly Hill. The rain was accompanied by several heavy peals of thunder, which is not common at this season of the year and is said to presage extreme cold weather which, however, is not borne out by the conditions today, although the temperature is somewhat lower.

Mrs. Charles M. Dow and niece, Miss Eleanor Raisig of 35 South Ridgewood avenue, left Tuesday for a short stay in Palm Beach and Miami, accompanied by Mrs. Esther Claddock Davenport of Buffalo, N. The birthday anniversaries of the Misses Emma Kolle and Emma Stubenbord and Mrs. Conrad Stubenbord, Jr., fall upon the same day, February 4th, and were to have been celebrated by a lawn party at Commodore Conrad Stubenbord's winter home on North Ridgewood avenue, but the inclement weather of the afternoon and evening made it necessary to hold the entertainment indoors. Between 25 and 30 ladies were present and enjoyed a delightful time. The day was also the anniversary of one of the guests, Mrs. H. Gunther, of Far Rockaway, Long Island, N. Y.

**REGULAR STEAMER SCHEDULE
IS SOON TO BE ESTABLISHED**

THREE BOATS TO RUN BETWEEN JACKSONVILLE AND COCOA AND BISCAYNE TO RUN TO DAYTONA.

After contending with numberless difficulties the officials of the Florida Coastal Inland Navigation company believe they have steamboats in condition now so they can assure the patrons along the inland waterway between Jacksonville and Daytona three regular sailings, and probably four, each week.

The company has been working hard to get all boats in shape to meet the conditions of the inland waterway and the vessels are now all practically ready for service, except the new City of Daytona, which will not be put into commission for another month.

The plans of the officials now are for the Swan, Emmette Small and St. Lucie to make regular trips through from Jacksonville to Cocoa, giving a service of three boats each week. The Biscayne is to be used only on the run between Jacksonville and Daytona and the new City of Daytona will also be run only to this city after she has been put on regularly. A regular schedule will soon be established for all ships.

Mr. and Mrs. C. E. Ross of Alhambra, Tenn., arrived in the city Monday and will spend some time here with Mr. and Mrs. E. T. Conrad and Mr. and Mrs. F. N. Conrad at their homes on Orange avenue. Mrs. Ross is a sister of Mesdames Conrad and visited here with her husband about five years ago.

Australia Would Save Birds.
Strong protest is being made in South Australia against the continual slaughter of such rare birds as the ibis, the egret, cranes and spoonbills to supply the demands of milliners. The slaughter renders South Australia even more prone to plagues of grasshoppers, and is a prime cause of the decline of its fish resources. As the wading birds disappear the crustaceans that destroy fish spawn increase in multitude.

**COUNTY BOARD HAS NO RIGHT
TO GRANT OYSTER PERMITS**

ATTORNEY INTERPRETS LAW TO MEAN THAT ALL NATURAL OYSTER BEDS CAN NOT BE STAKED.

That all private oyster beds in the state of Florida are not private beds and that the county commissioners have no legal right to grant the privilege of planting private beds to any person or persons, was brought out in a discussion of this matter by the county commissioners at the meeting in Deland this week.

This discussion came after the board had granted the privilege of planting a private bed at Port Orange, and the interpretation of the law given to the board by its attorney, Cary D. Landis, was such that no such permits are likely to be granted in this county in future.

The law grants to the county commissioners the right to give permission for locating private oyster beds, but says this privilege shall not be granted for "any natural oyster beds." The interpretation of the law given by Attorney Landis is that any place where oysters will live and grow is considered a natural oyster bed, and any place they will not grow naturally they will not grow if planted, and the board is powerless in the matter.

**PIPE ARRIVING FOR
EXTENSION OF SERVICE.**

The first carload of the 18,000 additional feet of gas main ordered for use in this city, arrived Monday and the work of laying it is to proceed at once. This pipe is to be used for extending the system north from Fairview avenue and south from South street, covering also the cross streets between these points. The gas is meeting with a very favorable reception and all who have it installed in residences and business places seem to be well pleased with the results. The demonstration being made in one of the Arcade stores by the Daytona Public Service company is most interesting and is attracting much attention. All the appliances for heating and cooking with gas are on exhibition and food stuffs cooked at the place may be sampled by interested persons.

**SENATOR DUNCAN U. FLETCHER
REGARDING MOSQUITO INLET**

WILL DO EVERYTHING HE CAN TO HELP ALONG THE MATTER OF IMPROVEMENT OF THE INLET.

Messrs. F. T. Peck, Otto H. Webber, A. M. Alford, George Hendershot and Ned G. Miner, of the Peck-Hendricks company store wrote a combined letter to Florida senators and congressmen asking their aid in the matter of improvement of Mosquito inlet for the purpose of making it a port of entry and the following letter received from Senator Fletcher in relation to the matter will be of general interest:

Washington, D. C., Feb. 1, 1913.
The Peck-Hendricks Co., Daytona, Fla.
Gentlemen: Yours of Jan. 30th has been received.

In the Rivers and Harbors Act approved March 3, 1909, provision was made for a preliminary examination of Mosquito inlet to New Smyrna. This examination was conducted by Capt. Geo. R. Spalding, Corps, U. S. Engineers, and on June 3, 1909, he rendered a report adverse to making any survey. This report was sustained by the Division Engineer Col. Dan C. Kingman on June 10, 1909, and by the Board of Engineers for Rivers and Harbors on June 28, 1909, and by General W. L. Marshall, chief of engineers, U. S. army, Nov. 18, 1909. It also appears that interested parties were informed that they might submit statements or arguments to the Board of Engineers for Rivers and Harbors, relative to the necessity for the improvement, but that no communication was received in response.

In the face of this report, it will be very difficult to get a survey ordered within so short a time after the rendering of such report.

Capt. Spalding states in his report on the date mentioned that "eventually the solution of the East Coast transportation question will be best settled by an adequate coast line canal, and that the improvement indicated at that time is not the best that can be secured for the probable expenditure, and that it is not worthy of consideration."

Have conditions very materially changed since that time? I will be very glad to do all that I can in this matter, but you understand that it will be necessary for me to be supported by sound facts and figures showing the necessity for the improvement, but that no communication was received in response.

Senator Bryan introduced an amendment on the 27th, asking for an examination and survey of Mosquito inlet, and I will do everything I can to help the matter along and cooperate with him fully.

With kind regards,
Yours very truly,
DUNCAN U. FLETCHER.

But One Official War Cry.

In the very early days the French had their "Cri de guerre" the Scotch their slogan and the English their war cries. But so many cries were launched by the different great British lords that in 1495 parliament passed a special law forbidding these cries, on the ground that they produced disorder, allowing but one battle cry, "St. George and the King."

ON BICYCLE

COUPLE HAS RIDDEN 5,131
MILES SINCE OCTOBER FIRST

MR. AND MRS. MASCOTT STARTED FROM GRAND RAPIDS, ARRIVING HERE TUESDAY FROM TAMPA.

After covering 5,131 miles of a 10,000 mile ride on a tandem bicycle, Mr. and Mrs. G. J. Mascott of El Paso,

Texas, arrived in Daytona Tuesday afternoon, coming to this city from Tampa.

They started from Grand Rapids, Mich., October 1, coming down the Mississippi valley to the Gulf of Mexico and across Florida. They will return by way of the national capital, New York and Canada.

The long bicycle journey of the Mascotts is made as an endurance ride and for a diamond-set medal offered by a wealthy Michigan lumberman.

This is their second trip across the continent, they having walked in 1910 from New York to Los Angeles, a distance of 3,678 miles, in 171 days.

Mr. and Mrs. Mascott will continue their journey tomorrow, going from here to St. Augustine. They report the Florida roads traversed to be exceptionally sandy and say that they were compelled to walk a great deal of the distance from Tampa to Daytona.

CUTTING DOWN THE FLESH

Heroic Struggles of a Fat Man Who Thought the Scales Were Deceiving Him.

I have about come to the conclusion that the good Lord intended some of his creatures to be fat and some thin, regardless of medicines and so-called infallible cures, writes a western man. For a long while I tried all the alleged obesity cures and none of them did me any good. Then I determined to starve myself and take lots of exercise.

All my life I had been a lover of good eating, and counted that day lost on which I did not consume for my dinner the better part of a sirloin steak as thick as a dork's foot, with all the trimmings. For breakfast I usually destroyed a platter of cakes, three eggs and no end of thin-sliced bacon, besides fruits and two cups of coffee.

This lifelong system I abandoned for an entire month, cutting out all the meat and about all the vegetables, a piece of toast and glass of milk taking the place of my morning meals and a little rice being the chief item on the meager dinner bill of fare. Lunch I omitted wholly. In addition I walked at least six miles every day and did all sorts of stunts in my room with a gymnasium outfit. Prior to going to bed I perpetrated all sorts of muscular contortions and rolled on the floor till my body was bruised.

At the end of thirty days I felt fit to run a three-mile foot-race or go in the ring with the champion. About this time it occurred to me that I ought to get weighed and I made a bee line for the scales. My grocer assured me that they were correct to an ounce, but they showed I had gained 14 pounds in the period of my abstinence.—Exchange.

ALL COUNTY RECORDS ARE FOR PUBLIC

DECISION HANDED DOWN BY
THE STATE SUPREME COURT

MATTER CARRIED UP FROM PIN-
ELLAS COUNTY ON REFUSAL OF
CIRCUIT COURT CLERK TO SHOW
RECORDS.

Of interest throughout the state is a decision just handed down by the supreme court at Tallahassee to the effect that all records in the office of a clerk of the circuit court are public. No trouble has arisen here, as Clerk of the Circuit court Samuel D. Jordan is always courteous to the public. But sometimes he has been criticized unjustly for the publication of the matters of record which were gathered as news and published as news and which he could not legally withhold. The following dispatch explains the ruling of the state's highest court:

Decision has been handed down from the supreme court reversing the decision of Judge Robles in the case of John Harris of St. Petersburg against Clerk of the Circuit Court Weickling of Pinellas county, in which Judge Robles held that the clerk of the circuit court was not obligated to permit the public to inspect deeds and other papers under conditions which the clerk claimed prevailed. This decision of the supreme court is far reaching, as it puts an end to the proposition that the clerk of any circuit court has a right to withhold matters of record from the public.

The facts on which the case was brought are alleged to have been that John Harris, in the abstract business at St. Petersburg, has a man at Clearwater who collects information from the clerk's office on the filing of deeds. Weickling, acting under advice of his attorney, refused to let the man inspect the deeds after they were filed until after they had been recorded. The man was permitted to see the records but not the deeds.

The contention of Harris was that from the moment of filing, a deed became a public record, and the general public had a right to inspect the deed immediately, under reasonable protection and regulation by the clerk.

The case was heard by Judge Robles about 60 days ago on a demurrer to petition for mandamus, the mandamus being asked by Harris to compel Weickling to permit him to see the deeds. The matter was taken to the supreme court after Judge Robles ruled against Harris, and the supreme court reversed the decision of the circuit court.

FEB. 15TH IS GUAVA DAY IN FLORIDA

TAMPA MAN SUGGESTS THAT
ALL FLORIDIANS CELEBRATE

FRUIT HAS HELPED TO MAKE
THIS STATE FAMOUS IN ALL
PARTS OF AMERICA DURING
THE PAST YEARS.

There are a number of holidays in all of the states in the Union as well as in all other civilized countries of the globe. However, there is one which is distinctive of Florida. That one is Guava day. Here we have the guava in all its glory and the humorous secretary of the Tampa board of trade has taken it upon himself to remind the heedless population of the duties of the occasion.

The following is what is considered a good form in honoring the guava according to E. W. B. Powell: "Saturday, February 15, is to be Guava day for Florida. On this day the guava will wave from on high and proclaim to the world that it stands supreme as a jelly or preserve. No longer will the yellow sphere be looked upon with scorn. It is to be given a place in the world where it belongs.

"Long wave the guava! Vive le roi!"

"Governor Park Trammell will issue in due time a proclamation to this effect.

"The press of the state will sing the praise of the guava. The commercial bodies of the state will do likewise.

"And the song will be so long and so loud it will traverse around the world and cause the people to sit up and take notice.

"What is a guava?" they will ask. "Is it a disease or name of a new Pullman car?"

"And the answer will come back: 'Try it raw—try it in paste; try it in jelly. Try it with a piece of white bread, spread with butter, then spread with guava jelly and then spread with Philadelphia cream cheese.' Oh ye gods! Likewise little fishes. Nothing more then need be said. The guava will be IT with a double and capitalized T.

"Hear ye then, all you people of Florida. On Saturday, February 15, 1913—from the rising of the sun to the setting thereof and then a few more hours—eat guava jelly and paste and preserves. Let it be served at every hotel and restaurant; on the dining cars, on steamboats and in the homes. Let the merchant make displays of the delectable morsel. Insist that every housewife make an order for guava jelly that day. Ask your farmer friends to bring it in present glasses of it to the hospitals and the poor. See that the tourists get acquainted with it.

"Make it a day to be remembered. Let us commercialize the humble guava—let us capitalize the farmer's wife—thereby turning into cash thousands of dollars worth of guavas which go to waste each year in the state."

Stevenson's Keen Comment.

The hit that "Treasure Island" made is one of the most pleasant episodes in literary history. The story that Gladstone got a glimpse of the book at Lord Rosebery's house, and spent the next day hunting over London for a second-hand copy, is good enough to be true. Stevenson's own comment on his success is levelheaded, if pointed: "This gives one strange thoughts of how very bad the common run of books that the wise-acres think too bad to print are the very ones that bring me praise and pudding."

Owned Up.

"You know I refused you half a dozen times before we were married," said Mr. Meekton's wife. "Yes," replied her husband. "I suspect that's what has kept me from ever wanting my own way again."

Important Point.

"Would you die for me?" she murmured. "Gladly, darling," he answered. "And would there," she continued, softly, "be anything left for me after the undertaker's bill was paid?"—The Bachelor's Casket.

Improved Envelope.

A New York man has obtained a patent upon an envelope that is in reality a blank, cut, marked and gummed so that it can be folded over a letter and fastened.

Always Some Remedy.

Dr. Woods Hutchinson says that poverty is a disease. Well, there is the gold cure.—Judge.

Major General T. H. Barry,
Who May Be Chief of Staff.

© 1912, by American Press Association.

According to reports in army circles, there will be a new chief of staff when President Elect Wilson takes up his duties at Washington. Gossip has it that Major General Thomas H. Barry, now commanding the division of the east, with headquarters at Governors Island, New York harbor, will succeed Major General Leonard Wood as chief of staff on March 4 next. With the expiration of President Taft's term the detail of Major General Wood as chief of staff automatically ends. The chief of staff is practically the commander of the army. He is the closest military adviser of the president and secretary of war.

General Barry is a native of New York city, fifty-seven years old and was graduated from the College of the City of New York in 1872. The following year he entered West Point and after his graduation served for sixteen years on the plains in the various campaigns against the Indians. At the outbreak of the Spanish war he went to the Philippines as adjutant general and chief of staff. He went to Peking with Chaffee in the Boxer campaign in China and on his return to this country was made president of the Army War college at Washington. In 1907 he was sent to Cuba in command of the army of pacification and the next year received his commission as major general. In 1910 General Barry was appointed superintendent of the Military academy at West Point, going thence to his present assignment.

Maryland's New Senator.

William P. Jackson of Salisbury, who has been appointed by Governor Goldsborough to succeed the late Isidor Rayner as United States senator from Maryland, will hold office until the legislature meets in 1914.

Senator Jackson has always been a liberal contributor to the Republican campaign and is a close personal and political friend of the governor. He is now national committeeman from Maryland, having first been chosen in 1908. He was an ardent supporter of President Taft. Mr. Jackson has made a large fortune in lumbering and other industries. He is president of the National bank of Salisbury, the Home

WILLIAM P. JACKSON.

Gas company of Salisbury, the Jackson-Weisbach company and is connected with other institutions.

He is forty-four years old and has always been noted for his industry. He was educated in the Salisbury public schools and Dickinson college at Carlisle, Pa. His father served three terms in congress, and his uncle, the late Ellihu E. Jackson, was Democratic governor of Maryland from 1888 until 1892.

It is well known that Mr. Jackson has long cherished an ambition to go to the United States senate. He was the choice of the Republican minority in the legislature which re-elected Mr. Rayner, and it is understood he will be a candidate at the senatorial primaries next fall.

DE LAND ROAD IN TERRIBLE CONDITION

COUNTY COMMISSIONERS GET
BUMPED ON HIGHWAY TODAY

DECIDE TO LEAVE PRISONERS
ABOVE ORMOND FOR 60 DAYS
THEN IMPROVE ROAD TO THE
COUNTY SEAT.

The public road between Daytona and DeLand is in the worst shape at the present time it has ever been, according to persons who have had occasion to drive to and from the county seat recently, and who have known the road since the time it was established, but there will be no permanent improvement work done on the highway during the next two months, and persons who have occasion to drive to DeLand during that time will continue to bump, cuss, bump and cuss.

The condition of this most important road in the county is now well known to members of the board of county commissioners for the representative from each district was rolled, tumbled, bumped and thrown, up and down, crosswise and slanting, from one side to the other and from back to front of the automobile in which a trip was made from DeLand to Daytona this morning.

All members of the board spent yesterday in making an inspection trip over the roads on the west side of the county, and were piloted to this city by Commissioner Jackson and Road Supervisor Bradshaw for an inspection of the DeLand-Daytona road, what there is left of it, and the commissioners are spending the balance of the day inspecting the roads on the east side of the county.

After the arrival of the commissioners in this city it was well known the main road to the county seat certainly needs attention, but it was decided to complete the work being done on the John Anderson highway north of Ormond before making repairs here. The county prisoners will be left on the John Anderson highway for 60 days more, at least, and will then be brought down for the work on the road to the county seat. A strong effort will be made to put the road in first class condition while the work is being done.

TRAIL OF LONESOME
PINE GOOD ATTRACTION.

"The Trail of the Lonesome Pine," which is announced to appear at the New Daytona theater tomorrow night is a play that presents Eugene Walter's ability as a dramatist in a new light. It was no small task to take the widely read book of John Fox, Jr., and transfer to the stage the wild, untutored mountain girl, June, and the other delightful original characters of the charming narrative.

There was need indeed of an artist of deep imagination and virile style to catch and produce the spirit that Mr. Fox has injected into his book, and the fact Mr. Walter has visualized what millions have dreamed of is apparent by the magnificent production made of the play. In Boston, New York and Chicago its success was marked and it enjoyed long runs to the biggest receipts of late years.

Wants His Back Pay.

A circus employee of Maryville has sued the company for which he formerly worked asking \$55.10 back wages, and in the meantime he has attached the alligator. An alligator is our idea of nothing to get attached to—or to get attached to you.—Kansas City Times.

Russian Peasants Swindled.
The peasant girls of Russia sell their hair for a sum which amounts to less than a dollar a pound, and their tresses bring \$12 to \$15 in the London hair market.

AUTOMOBILE LICENSES ARE BEING PAID RAPIDLY NOW

TAX COLLECTOR REPORTS A
TOTAL OF \$3,823 COLLECTED
FROM THIS SOURCE DURING
PAST MONTH.

That automobile owners are realizing the uselessness of attempting to dodge paying the county automobile license tax and are settling with the county tax collector to avoid possible arrest and trial for failure to comply with the law as upheld by the state supreme court, is shown by the statement presented by the tax collector to the board of county commissioners and read at the meeting of that body in DeLand this week.

The report of the tax collector shows a total of \$3,823 received for automobile license taxes during the last month, \$675 received for general license taxes and \$222 for poll taxes.

While Fred Allen was driving J. N. Gamble's Stevens-Duryea touring car on the DeLand road yesterday the machine skidded on the descent on the east side of Mount Ararat and was precipitated into the ditch at the side of the roadway, little or no damage being done to the car.
